

WaypointPolyBase

```
graph BT; WP[tesseract_planning::WaypointPoly] --> WPB[WaypointPolyBase];
```

A UML class diagram illustrating inheritance. At the bottom is a gray-shaded box labeled 'tesseract_planning::WaypointPoly'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'WaypointPolyBase'. The arrow indicates that 'tesseract_planning::WaypointPoly' inherits from 'WaypointPolyBase'.
