

tesseract_time_parameterization
/core/include/tesseract_time
_parameterization/core/time
_parameterization.h

tesseract_common/macros.h

Eigen/Core

```
graph TD; A["tesseract_time_parameterization  
/core/include/tesseract_time  
_parameterization/core/time  
_parameterization.h"] --> B["tesseract_common/macros.h"]; A --> C["Eigen/Core"];
```

The diagram illustrates the dependencies of the header file `tesseract_time_parameterization/core/include/tesseract_time_parameterization/core/time_parameterization.h`. It is shown in a top box, with two blue arrows pointing down to two separate boxes below it. The left box contains `tesseract_common/macros.h` and the right box contains `Eigen/Core`.
